

# Verification of Financial Aid for Students Participating in Study Abroad

New Mexico State University

## Instructions:

Students must check with the Financial Aid Advisor for Study Abroad in the NMSU Financial Aid Department to verify what assistance they will receive and may apply to this program. Students must follow all rules and regulations governing disbursement of aid (scholarships, grants and loans) by the Financial Aid Department. Students expecting to earn credit for study abroad must be aware that any financial aid grants, loans, or scholarships set to pay out for the following NMSU semester will not disburse until receipt of final grades or academic progress has been reported each semester that you are abroad, even if your semester abroad does not end when NMSU's semester ends.

Veterans expecting VA benefits for study abroad need to submit a copy of the completed Study Abroad Course Equivalency Form, with correct dates of enrollment to the office of Veteran's Affairs.
